

What's in Your Lunch?

Dear Teachers:

We developed this fruit & vegetable identification survey for the U.S. Dept. of Agriculture. This is not a test of what they learn in school, but rather a general survey to get an idea of how familiar they are with fresh produce. If you use this test with your class, we would very much appreciate hearing about the results. In return, we will send seeds for your garden.

Thanks!!!!

Please return this completed form and we will send you seed-bookmarks for your

garden. School: _____ Grade: _____ # of Students

_____ Your Name

_____ Mailing Street

_____ Mailing Town

_____ State _____ Zip Code _____

PLEASE RECORD THE NUMBER OF RESPONSES RECEIVED BY EACH LETTER ANSWER

Please indicate the number of the responses selected by the students for each possible answer. The correct answer is circled. You can record your results online at <http://www.kidsgrowingstrong.org/SurveyReport> or mail this completed form to Kids Growing Strong, P.O. 6742, Thousand Oaks, CA 91359-6742
